Part III DETAILED ACTION

Notice to Applicant(s)

1. This application has been examined. Claims 1-11 are pending.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claims 1 and 5, it is unclear to the Examiner how a set value **changing** device could **select** image processing conditions. What is being changed?

Additionally, the limitation “plural levels or plural combinations which are typically preset” is unclear. At what point are these image processing conditions preset?

It is also unclear to the Examiner whether the “typically preset” conditions (as stated in line 7 of claim 1) is the same as the “previously set values” (as stated in line 9 of claim 1).

Claims 2-4 and 6-11 depend on claims 1 and 5 respectively and are therefore rejected for the same reasons.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark E. Wallerson whose telephone number is (703) 305-8581. The examiner can normally be reached on Monday-Friday - 6:30-4:00.
